Languages: Java, PHP, JavaScript, HTML5, CSS3, C++

Frameworks: Flutter, Firebase, Tailwind CSS, Android Development

Databases: Firestore, MySQL, DBMS concepts

Tools: Git, GitHub, Google Cloud, VS Code

Core CS: Data Structures & Algorithms, OOP, Operating Systems

PROJECTS

Kid Wallet App [Flutter](#) · [Firebase Auth](#) · [Firestore](#)

Parent-controlled pocket money mobile app with child accounts, wallet refill, daily allowance management, and secure authentication.

GeM Price Comparison Platform [PHP](#) · [HTML](#) · [Tailwind CSS](#)

Web platform comparing GeM government marketplace products vs other e-marketplaces to help buyers find better prices.

Meditation Web App [Web](#) · [Chatbot](#) · [Firebase](#) — [mindfulness-meditation-assistant.vercel.app](#)

Meditation platform with AI chatbot, login system, and database integration for personalised sessions.

BillFast Invoice App [JavaScript](#) · [Web](#) — [billfastinv.vercel.app](#)

Fast billing and invoice generation web app for small businesses.

Quick Share Web [Web](#) · [Real-Time](#)

Web app for instantly sharing text between devices in real time without sign-up.

Mini Zoho CPP Project [C++](#) · [DSA](#)

C++-based management system with modular architecture for multiple data management workflows.

EXPERIENCE

Volunteer — Tech Support [Karavan Foundation](#) (NGO)

Technical assistance and documentation support for NGO outreach and operational activities.

Billing & Documentation [M/s Kajal Traders](#)

Handled billing processes and business documentation; practical experience in data management.

CERTIFICATIONS

Legacy Responsive Web Design V8 [freeCodeCamp.org](#) · Nov 2023 · ~300 hrs

Object Oriented Programming [LPU](#) · [iamneo Platform](#) · Dec 2024 · 72 hrs

Devesh Jaiswal

ACHIEVEMENTS

App Developer & Full-Stack Web Developer

- Developed 6 real-world projects spanning fintech, e-commerce, wellness, and management systems.
- Implemented Firebase Auth & Firestore in production Flutter mobile applications.
- Deployed live web apps on Vercel — Meditation Assistant & BillFast Invoice.

+91 8381802749 | Uttar Pradesh, India
github.com/deveshjaiswa | linkedin.com/in/devesh2749

- Completed 4 certification courses totalling 516+ hours of structured learning.
- Continuously improving DSA & problem-solving skills through C++ practice and coursework.
- Designed responsive UI/UX for both mobile (Flutter) and web (Tailwind CSS) platforms.
